COLOR: ELECTRON BLUE

MILEAGE: 91236

INTERIOR COLOR: BLACK

TRANSMISSION: AUTOMATIC

ENGINE: 5.7L V8 OHV 16V

MPG CITY: 18 - 19

DESCRIPTION/OPTIONS: Hello Everyone, This is a consignment vehicle from a friend of mine who purchased this one owner vehicle a few years ago and have only driven it a few thousands miles. This car really turns heads and sound awesome. It shifts smooth and goes down the road at any speed flawlessly. This Vette was a clean CarFax vehicle and in overall good condition but now excellent condition since the following things below have been done. Here are the things that were done to it to really finish off the car and make it an excellent overall condition daily driver. Full interior detail and repair or replacement of a few plastics pieces Total VIP check up - Passed with LOI flying colors (battery so so) New oversize battery: \$130.00 Colgan bras + install: 275.00 Repaint hood: \$521.48 Small driver carpet plus right windshield column repair: \$125.00 Added the second driver floor mat clip from GM. \$7.00 Weather Tech front/rear liners. \$200.00 Cup holders: \$50.00 Seat belt extenders: \$85.00 Seat belt pads: \$12.00 Program second key fob: \$55.00 Custom mud flaps: \$100.00 50th Anniversary Fender Badges: \$273.99 Repainted fenders, doors, lower panels, badges and mud flaps added. \$954.00. Key fob protector: \$7.89 Driver and passenger door hand plastic inserts. \$11.98 Radar wire install. \$75.00 Rear quarter repaint. \$239.36 Center cup holder ring: \$29.36 Brand new windshield: Insurance covered this. The vehicle was not in an accident but had some rock chips from wear and tear and had whatever was needed repainted at RolandsAutoBodyAndRecon.com in Brunswick and the color match is spot on and looks amazing. Unlike many Vettes that have the old wagon wheels or chrome rims this has the magnesium rims which look so much better and were considerably more expensive as well when the car was purchased. I believe the magnesium wheels were standard on all 50th Anniversary Vettes in 2003. Additional features to this car are a high flow dual exhaust, dual K&N cold air intakes, memory driver's seat, heads up display, dual climate control with hot heat and cold AC. Drive with top down on a cool night with great heat and stay very comfortable and warm. Bose stereo system coupled with a hands free FM modulator for playing music from your phone or taking and making phone calls. Two working GM keyless entry remotes included. The person that owns this car takes exceptional care of everything he owns and it really shows with this car. The only reason he's selling is because he doesn't drive it as often as he thought he would. Thanks for looking!!!
