DESCRIPTION/OPTIONS: Hello Everyone, I hate to list this but just don't use like I thought I would. All serviced by Mountainside Powersports in Wilton and ready to go. Don't need to sell, owe nothing on it but would love to see someone else enjoy it. Absolutely gorgeous sled in mint condition with only 1400 miles. Dependable 4 stroke motor delivers 150HP. Super quick and offers many standard features & upgrades. Heated Seat. Shock covers. Garmin 680 GPSSki Doo light bar. Handle bar storage bag. USB in phone compartment. Ski Doo LED hand protectors. Heated hand and thumb warmers. Ski Door Gas can and storage over tunnel. Trailer 110 power port to plug into battery tender attached to sled to always keep battery hot. Twisted forward throttle if you prefer pulling throttle vs. pushing with thumb. Unique feature! Sold as a package only please! Sled and Mission 14 foot hybrid trailer both purchased new in 2019 and are both 2019 models. Aluminum prices have gone up significantly so if you have a trailer already this should sell easily for \$6k. I also added some interior lights and full matching spare with alloy rim. Trailer is super comfortable to change in and heats up within minutes. Price is firm, please no Thanks for looking everyone! :)
